

This architectural site plan, titled 'SITUATIONSPLAN 1:500', depicts a waterfront development project in Copenhagen. The plan is oriented with a north arrow pointing towards the top right. The site is bounded by Havnegade to the north, Pakhustorvet to the east, and the Lyngby Canal (Lystbådehavn) to the south. The plan shows a mix of existing and proposed structures, including a large building complex on the right, a central green space with a circular feature, and a waterfront promenade. Key features include:

- Buildings and Structures:** Existing buildings like 'GL. TOLDBYGNING' and 'GL. Pakhus' are shown. Proposed buildings include 'Ny skulptur', 'Køkkentelt 165 m²', and 'Kystlandskab'. A 'Festivaltelt 1350 m²' is also indicated.
- Green Spaces and Landscaping:** A central circular green space with a 'NATURPLADSEN' is a focal point. Other green areas include 'Havnepladsen', 'Kystlandskab', and 'Solbænken'. Planting is detailed with various tree symbols and labels like 'Eksist. trærække' and 'Stedsspecifik beplantning'.
- Infrastructure and Access:** The plan shows 'Ny overgang' (new crossing), 'Indkørsel til erhvervshavn og parkering', and 'Indgang' (entrance) points. It also details 'Cykelsti' (bicycle path), 'Jernbanevej' (railway road), and 'Busstoppested' (bus stop).
- Waterfront and Promenade:** The 'Havnepromenade' runs along the canal, featuring 'Ophold ved siddeplint' (seating area) and 'Eksisterende træklunge' (existing tree lung).
- Technical Details:** The plan includes numerous elevation points (e.g., 1.75, 2.00, 2.25) and labels for specific areas like 'Eksist. skulptur Erik Heide' and 'Ny skulptur'.
